After 40-hour ordeal

Elderly man finds way out of wooded area

VOLUNTEERS PREPARE TO BEGIN SEARCH FOR MISSING MAN...Coffee County Sheriff Brice Paul (at right) talks with volunteers who gathered Sunday night to join in the hunt for an elderly Elba man who was believed to be lost in a wooded area near Highway 84, along Brunson Hill. Local hunters played a valuable part in helping the volunteers search the heavily-wooded area during the night Sunday and throughout the two-day search.

A 72-year-old Elba man who was missing for over forty hours and was the cause of a massive manhunt, found his way out of a wooded area inside the city limits early Tuesday morning and was reported to be in good health.

Patrick O'Riley, a resident of County Road 25, was reported missing by his wife at 4:40 p.m. on Sunday afternoon and during a routine police patrol, the pickup truck owned by O'Riley was discovered abandoned on Reddock Hill Road.

The hood of the truck was open, leading authorities to believe that the driver of the vehicle may have encountered engine problems, while nothing was missing from inside the truck.

The Coffee County Sheriff's Department was notified of the discovery of the truck and under the leadership of Sheriff Brice Paul and members of the Elba Police Department, a manhunt was organized in an effort to search the heavily wooded area near where the truck was found.

Taking part in the search effort were officers from the Coffee County Sheriff's Dept. and Elba Police Dept., as well as members of the Elba Rescue Squad, Elba Fire Dept., Enterprise Rescue Squad, Civil Air Patrol, Enterprise Amateur Radio Society, Air Support Units and Military Police from Ft. Rucker, the Georgia Canine Rescue Association and countless volunteers.

Search parties scoured the woods along Highway 84 East, along Brunson Hill, from 8:30 p.m. Sunday night until 1:30 a.m. Monday morning, and then returned to the search at 6:00 a.m. Monday morning and remained on the hunt until 10:00 p.m. Monday night.

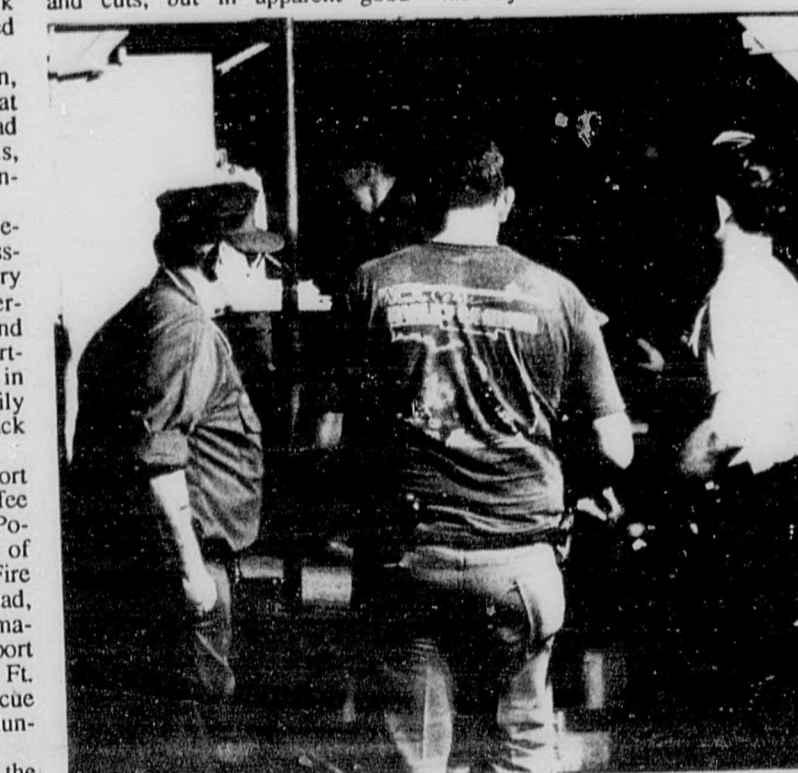

The search was still underway Tuesday morning when a motorist

notified the Elba Police Dept. that a man matching the description of the missing man had been seen walking along the highway on the Old Samson Road (County 25).

When police arrived, O'Riley had been picked up by an employee of the City of Elba. He was then placed in a patrol car and transported to the Elba General Hospital, suffering from numerous scratches and cuts, but in apparent good health.

Police officers at the scene reported that O'Riley was calm and happy to be found and stated the only thing the man asked for was "something to drink."

O'Riley told authorities he had wandered from the pickup and became lost in the woods. He said he walked for much of the two-days he was missing and finally found his way to the road.

CONTROL STATION MANNED DURING SEARCH...Members of the Coffee County Sheriff's Department manned the control center throughout the search for Patrick O'Riley, a 72-year-old Elba man, who was lost in a wooded area in the city for almost 40-hours. The control center was set up on top of Brunson Hill and monitored all radio transmissions from those active in the search.

Coffee County schools to implement new dress code for '89-90 school year

The Coffee County Board of Education recently adopted a dress code for all students in the Coffee County School System in grades 4-12.

The code was developed by a

committee of elementary and secondary teachers and administrators. According to school system officials, the code was developed to ensure an atmosphere where optimum teaching and learning could take

place, as well as to provide for individual preference and style.

Portions of the code state "Dress appropriately for school. Dress and appearance must not present health or safety problems or cause distractions. Shoes must be worn. Skin-tight or revealing clothing that provokes or distracts other students is disruptive to the educational process and is therefore unacceptable."

Clothing with decals or slogans that contain and/or refer to provocative, indecent or offensive behavior or profanity is prohibited, as are garments that are no more than four inches from the floor in a kneeling position, including slits and cutouts in garments, front and back.

Other items listed as being inappropriate dress include strapless dresses, sunglasses (inside building), picks and combs in hair, caps, hats and other head coverings, garments advertising alcohol or drugs, shirt cut-offs, spaghetti straps, tank tops, halters, mesh clothing and bike pants.

Bargain Time grand opening set for Thursday morning in Elba

Bargain Time, a division of Bargain Time, Inc., is opening the doors of its newest store at 1054 N. Troy Highway, Elba, today, Aug. 3.

The grand opening celebration begins at 8:50 a.m., and the store opens at 9 a.m., with a ribbon-cutting ceremony to formally open the store to the public.

Special discounts, sales and gift giveaways will highlight the celebration throughout the day.

One lucky customer who registers for the special prize drawing will win a 13" color television set and AM transistor radios will be given to the first 100 customers attending the celebration.

Many other gifts for the adults, and balloons for the children will add to the festivities.

"We are going to offer the Elba

community something they have been waiting for," said Tom Carmichael, store manager. "Our prices and merchandise are outstanding."

Bargain Time offers clothing for the entire family, as well as basic need items, to include a constantly changing assortment of special purchase merchandise, from candy to vacuum cleaners, at low, low prices.

Bargain Time features exceptional values on brand name merchandise, manufacturers' overstocks and closeout items.

The stores will also restock weekly with a new selection of bargains.

"Our customers will think they are in a brand new store every week when they come to shop with us," said Joe Bombura, president.

Red Cross blood drive to be held Saturday at Methodist Church

The Red Cross blood drive will be held Saturday, Aug. 5, at the Elba United Methodist Church, sponsored by the church and the Elba Ministerial Association.

Nancy Brunson is chairman of the drive, and urges citizens to participate by giving blood.

Usually, individuals may donate blood if they are in good health, weigh at least 110 pounds and are at least 17 years old. Medical history, blood pressure, temperature and iron content are all

checked before a donor is accepted," said Mrs. Brunson.

"No one wants to receive blood," Mrs. Brunson continued, "but when a patient needs blood, nothing else will serve as a substitute. There is no source for blood except willing donors."

Hours for donation at the church fellowship hall are 10 a.m. - 1 p.m. "I'll meet you there," said Mrs. Brunson. "I'm working on my sixth gallon."

Students may pick up schedules

All students at Elba High School in grades 7-12 are urged to pick up a copy of their class schedules for the 1989-90 school year prior to the beginning of classes.

Students may get a copy of their

schedules from 8:00 a.m. until 3:00 p.m. from guidance counselor Mike Carney.

No schedules will be given over the phone!

Elba schools to open August 23

Elba City Schools will begin the 1989-90 term Wednesday, Aug. 23.

Juice and lunch money are to be sent separately.

Elba citizens to vote September 19 on continuation of local school tax

The Elba City School Board met last Thursday in a special meeting to set the time for a special school tax election.

The vote is to extend an existing property tax that has expired and is needed to qualify Elba for the Alabama minimum program of state funding.

Operating on legal advice, the board set Tuesday September 19 as the day for the election in School District E. The tax is for a period of

25 successive years. The ballot will contain only two options. They are

() FOR proposed taxation

() AGAINST proposed taxation

Only the citizens of the City of Elba will vote on this proposal which must first be officially approved by the Coffee County Commission in their August 14 meeting.

AUGUST

BRAINSTORMS

With Ferrin Cox

Just a few weeks ago we were writing about being impressed with the recycling program in Tallahassee, Fla., in which residents divided out their aluminum, bottles and old newspapers into separate containers for recycling. These were then picked up at curbside by a special truck. We really liked the idea. Now we read that the firm doing the work is discontinuing the pick-up as of this month. They report that the low price being paid for the materials isn't enough to pay expenses. We regret this and hope something can be worked out in Tallahassee that will be a model for others to follow.

We were in a local lawyer's office one day last month and he was complaining about the drop in the stock market the previous day. We didn't offer him much sympathy, 'cause we know from personal experience he can make up any loss very quickly! We noted that for the next five days the market climbed and much higher than before his little drop... yet not once have we heard him say thanks. He ought to have to work for his money like other folks do!

There was a big car race in Talladega, AL., last Sunday. We didn't go, nor do we even know who won. It does however bring to mind an incident that happened to us "way back". We were serving with the U.S. forces in Europe and a friend got real excited about one of those big cross-country races to be held in France. He wanted us to go with him but circumstances prevented our taking the trip. Now that guy took a tape recorder, got right down beside the roadway and recorded what the cars came by. He brought it back and tried to get everyone interested in the "beautiful music" of those finely tuned engines. Needless to say, we closed the door to our room and dared him to bring that racket in and disturb the quiet, soft easy listening stuff we had on the stereo.

Last week we commented on the city's plans to get tough on citizens cleaning up their property. Since that time we have heard indirectly of one complaint disagreeing with our position. However we have had several folks come forward pointing out glaring examples of what we were referring to in our comments. It was amazing that the first two to mention the matter to us referred to the very same situation that was in our mind. In the meantime, if your grass or weeds are over twelve inches high, you are in violation of the law!

It is now only a matter of time before the must tooted Medicare Catastrophic-illness insurance program will undergo a radical change, if it survives at all. We hear complaints first from those on the higher income end of the tables. They contend they are being punished for being successful. Then those on the lower end complain they are paying more than they can afford also. Some want it all together. Politicians listen when this many people complain and changes are on the way.

There is still debate going on about the Coffee County Jail. We don't know what is going to happen but have an idea that when folks realize they are being told untruths, or at least not the whole truth, they will be some by den changes in direction. As far as the idea of not having enough cells now and how many we need, it is our opinion that we can overfill any amount available. You can look at the state prisons, federal institutions, etc. and see it happens on every level. As long as we treat them better than they get at home, jail cells are going to continue to be popular.

Free Activity Book Available From Alabama Poison Center

A new eight-page activity book for children about poison safety is available from the Alabama Poison Center.

The book, designed for the 3-to-8-year old, defines what a poison is, where poisons are found in the home, and what to do in a poisoning emergency.

Janet Mason, public relations director for the center, says, "Last year in Alabama there were over 38,000 accidental poisonings, with more than half of them occurring in children 6 and under."

"Our hope with this book is that parents will sit down with their children and use the information to relate to things in their own homes. We want the young child to realize even in the safety of their home environment, there are still many products that, if used in the wrong way, can cause harm," Ms. Mason went on to say. "With the older child, we want to help them be more aware of watching out for their younger brothers and sisters."

A poison prevention kit containing the activity book, brochures on safety in the home and syrup of ipecac, and telephone stickers is available by calling the center toll free at 1-800-462-1800.

The Alabama Poison Center is designated by the Alabama State Committee of Public Health to serve the state's 3.8 million residents as an emergency poison treatment/information resource. The center is open 24 hours day, 365 days a year. It is staffed by registered nurses.

LETTERS TO THE EDITOR

The Safety Belt Bill for 1989 is dead. In a dramatic display of "courage" Senator Bedford stepped up to the microphone and said, "I am going to kill this bill." This is the man who intends to run for Attorney General and be the protector of the people.

His statement has indeed implied that he didn't care about the needless slaughter on our highways or the suffering of our citizens. It is a shame that Senator Bedford is not required to attend the last rites of the "456 Alabamians who are projected to the needlessly within the next twelve months because this law was killed. If only Senator Bedford could be given the task of explaining to the mourning loved ones and families why he was so determined to kill the bill. Let him brag to them that over 4,000 Alabamians have died while he "killed the bill" over the last four years.

Perhaps he should even be allowed to stand by the sick beds of the 18,500 projected serious injuries that could have been prevented and talk of his dedication to the well-being of our citizens. Why not let Senator Bedford help pay the over 100 million dollars that will have to be spent on deaths and hospital bills that families could have used in providing for their needs.

The citizens of this state must let Senator Bedford know in the coming election that Alabama has had enough bloodshed and that we will not support people who are not interested in our well being. Please consider the following figures:

1. 456 Alabamians will die!
2. 18,500 will suffer in a hospital.
3. Over 100 million dollars will be spent on serious injuries!
This is indeed what Senator Bedford has fought so diligently for and unfortunately this is also the tragedy he is bringing on the Alabama citizens. We have had enough of this needless slaughter on our highways and enough of elected officials like Senator Bedford.

In the interest of safety,

John C. Draper
Alabama Safety Belt Task Force

EDUCATION A NECESSITY...To stay abreast of hi-tech changes in the electricity and electronics fields, Julie Underwood, product handler at Sony of Dothan, plans to continue her education at Douglas MacArthur State Technical College. Underwood graduated from the industrial electricity program at MacArthur Tech in 1988 and plans to enroll in the electronics program in the near future. "As an operator in the molding department, knowing the basic principles of electricity, electronics, and hydraulics are always helpful," stated Underwood. She continued, "Continuing my education will improve production quality in the operation of the machines, and will help me advance in future job positions." Underwood is the daughter of Lewis and Janet Underwood of Elba. While attending high school in Hattiesburg, Mississippi, Underwood received two years of vocational training in electricity. In 1986, she continued her career training in industrial electricity at MacArthur Tech. During her tenure at MacArthur Tech, Underwood was the only female pursuing a nontraditional field in electricity and was elected by fellow classmates to serve as class president for the Industrial Electricity Department.

WALKING STICK IS OVER 100-YEARS OLD. Henry Sutley, of Elba, displays a hand-carved, hickory, walking stick that is over 105 years old. Sutley stated he got the stick from his parents over 20 years ago and the stick had been used by his grandfather. It was not known who carved the stick, but Mr. Sutley said the stick was the perfect length and was used everyday.

HORTICULTURE TIPS

By Dan J. Presley, County Agent Coordinator

Plant stands have become a common feature of many value marts, supermarkets, and some convenience stores. Many stores have areas dedicated to house plants and

care supplies. Just as the number of these sections have increased, so have their popularity. While scouting for bargains, people often purchase plants and take them home

only to watch them wilt and die. An important factor in maintaining long-lasting healthy house plants is to begin with healthy plants. Watch from brown edges on leaves or evidence that they have been pruned away. Look for large gaps between new leaves. This implies over-doses in fertilizer or insect damage. Flowering plants should have lots of buds. Much of their beauty may already be gone if they are blooming before you purchase them.

When you bring a new plant home from a store, allow the plant time to adjust to its new surroundings. Some plants may even go through a mild shock. Usually, acclimation will take a few weeks. During this period pay close attention to special needs. If possible, make changes gradually. For example, if the site you have chosen has a lower light intensity than the place where you purchased it, place the plant in the designated site and allow it a few weeks to begin active growth. If the plant declines in appearance or does not grow, try a new location.

If your plant is root-bound, massage the roots or make shallow cuts into the roots before repotting. Use sterile soil for repotting. To replace soil, spread it on a baking sheet and bake in the oven at 250 degrees F. for 30 minutes. Do this on a warm day, when you can open the windows to ventilate your kitchen.

Covington Electric Coop Draws Large Crowd

Over 4,000 persons attended the 1989 annual membership meeting of the Covington Electric Cooperative, held in the Andalusia High School football stadium the evening of July 27.

Ira Hammett, Dozier, Rt. 1, and Charles A. Mallory, Kinston, Rt. 1, were re-elected to 3-year terms on the Board of Trustees, representing Districts III and IV, respectively.

Describing 1988 as a "good year" for the Cooperative, Covington Electric president R.R. Johnson said that sales were up slightly to the record level of almost 225,000,000 kWh, with 16,937 consumers being served from some 2,250 miles of lines as of the end of the year.

General manager John E. Hill presented certificates to five employees in recognition of their hard work.

Other prize winners included: Electric fan - Callie May, Rt. 1, Dozier; electric coffee maker - Dianne Brown, Rt. 2, Dozier; dry vacuum - Dennis Ward, Rt. 3, Elba; light bulbs - Full Gospel Temple, Brantley; toaster - Goodman Baptist Church, Rt. 1, Enterprise.

Mary Adams of Andalusia won the 1983 "pre-loved" pickup truck, the major attendance prize.

Foyel Huggins, Rt. 3, Opp, was winner of the 20" color television set, and Edward Ganus, Andalusia, received the video cassette recorder.

For a quick picnic, buy the fixings for sub sandwiches and let each picnicer make his own. Include French bread, soft butter, sliced cheese, sliced ham and tomatoes. Pack sandwiches or sandwich

stickers. Add nuts the last 5 minutes of cooking. Pour hot conserve into hot jars, leaving 1/4-inch head space. Wipe jar rims and adjust lids. Process 5 minutes in a boiling water bath.

Peach Honey
8 cups peach juice (from peels)
4 cups sugar
Sterilize canning jars. Measure juice, bring to a boil. When it boils vigorously, add sugar. Boil rapidly until the consistency of honey. Pour into hot jars, leaving 1/4-inch head space. Wipe jar rims and adjust lids. Process 5 minutes in a boiling water bath.

Diet Peach Jam
2 tablespoons unflavored gelatin
3 1/2 pounds ripe peaches
2 cups sugar
1/4 cup cold water
8 teaspoons lemon juice

In small bowl soften the gelatin in the 1/4 cup of water. Wash and peel peaches, remove pits and cut in chunks. In a 4-quart enameled or stainless steel kettle over medium heat, bring the cut peaches to a simmer until soft. Remove from heat and crush lightly. Measure and add enough water to make 4 cups of pulp. Return to the kettle and add softened gelatin and lemon juice, stirring well to dissolve the gelatin. Over medium heat, bring to a boil and boil 1 minute, stirring all the while. Remove from heat, stir in sterilized 1/2 pint jars, leaving 1/8-inch headroom (1/2 inch if to be frozen, to allow for expansion). Cap lightly with 2-piece screwband lids. Makes about 4 1/2 pint jars.

When cool and set, store the jars of jam in the refrigerator for use within one month. Each 1 tablespoon of jam has 10 calories.

Peach Marmalade
3 pounds peaches
3 oranges
1 1/2 pints sugar
6 3/4 cups sugar

To prepare fruit - Wash, peel, and slice peaches into very thin strips or pieces. Peel oranges and thinly slice peel. Separate seeds and membrane from orange pulp. Cut pulp into pieces.

To make marmalade - Sterilize canning jars. Boil sugar and water until dissolved and then add the fruit. Cook rapidly, stirring frequently until jellying point is reached. The finished product shows the fruit appearing in small pieces throughout the mixture, and it is smooth in consistency. Pour hot marmalade into hot jars, leaving 1/4-inch head space. Wipe jar rims and adjust lids. Process 5 minutes in a boiling water bath.

Peach Conserve
1 unpeeled chopped orange
7 cups chopped, peeled, firm ripe peaches (about 10 to 12 large)
5 cups sugar
1/2 teaspoon ground ginger
1/2 cup blanched, slivered almonds

Sterilize canning jars. Add orange to peaches; cook gently about 15 to 20 minutes. Add sugar and ginger. Bring slowly to boiling, stirring occasionally until sugar dissolves. Cook rapidly until thick about 15 minutes. As mixture thickens, stir occasionally to prevent

HOUSEHOLD HINTS

Sandwich Time
Summer means sandwich time - for picnics, quick lunches and easy snacks. Plan ahead and keep good, nutritious sandwich makings on hand.

Start with good bread. Provide whole grain breads as well as white bread. You may want to keep a supply in the freezer.

Provide a variety of fillings. Keep a can of tuna or corned beef on the shelf and have several boiled eggs and pickle relish on hand in the refrigerator. Place celery sticks in water in a covered container in the refrigerator, ready to chop. When you stew chicken or bake a ham, chop some meat and freeze it to make salad for sandwiches.

Try a variety of spreads. For example, season whipped butter or margarine with minced fresh dill and lemon juice of finely chopped green onions or chives. Store in a covered container in the refrigerator.

Kabobs
Are you looking for a change of pace with your cooking? Then try kabobs.

When preparing kabobs, combine only those foods that cook tender in the same length of time. Potatoes, for example, require precooking if you are combining them with beef chunks and fresh tomatoes.

For the meat, choose lean, tender chunks of beef, lamb, pork or poultry. Firm fish and shellfish also do well on a kabob. Leftover and canned meats do fine for kabobs, too.

When selecting fruits and vegetables for kabobs, get the ones that will stay on skewers. Remember, one food can hold on the others. Tomato quarters will stay intact better if the skin is left on to hold them together.

Television and Families
Research indicates that families who limit themselves to a maximum of two hours a day of carefully selected television programs may enjoy the following benefits:

- 1) Family values reinforced.
- 2) Homework is completed with less time pressure.
- 3) Family conversation is increased.
- 4) The quality of relationships between parents and youth are improved.
- 5) A child's imagination and creativity are enhanced.
- 6) Parents are returned as the leaders in the home.
- 7) Family members become discriminating choosers of TV programs.
- 8) Reading habits improved.

Conservation Plans Completed On Over 1.6 Million Acres

Conservation plans have been approved for 1,600,000 acres, or 97 percent of Alabama's highly erodible cropland needing plans, according to the U.S. Department of Agriculture.

"It looks as if we will meet the Department's goal to have plans in place for all highly erodible acreage by the end of this year," Jesse Anderson, chairperson of the Coffee County Agricultural Stabilization and Conservation Committee, said.

Producers who farm highly erodible cropland must have an approved conservation plan by December 31 to remain eligible for USDA programs. Those plans must be implemented by December 31, 1994, he said.

To date, highly erodible determinations have been made on 100 percent of Alabama's highly erodible acres. Farmers are currently implementing conservation plans on 16 percent of these acres, according to the USDA.

Anderson said as farmers have highly erodible acreage, they need to have conservation plans approved by the end of this year. Also, they need to begin implementing in 1990. "The sooner farmers are actively applying their plans, the sooner they will be assured that they will remain eligible for USDA programs," the ASCS official said.

Nationally, conservation plans have been approved for 105.4 million acres of highly erodible cropland that will need plans by the end of the year.

PASTOR'S CORNER

DR. DOUG DORTCH

Elba First Baptist Church

One of the greatest desires of human nature is to feel secure. Many psychologists believe that our desire for security is a basic instinct we acquire at birth.

In my work as a pastor, I have discovered that many people are searching and striving for the comfortable feeling of inner security or peace of mind which gives us confidence in facing the unexpected situations of life.

Everyone has his or her own way of trying to feel more secure. We look outdoors, install burglar alarms, and buy guard dogs for protection. We save and invest so that one day we may become "financially independent."

A lot of us buy all different types of insurance for protection and security. Our government spends billions of dollars for our national security and defense.

All of these are important attempts to have some standard of security in insecure times. Dr. Henry L. Link, in his book "The Way To Security," hit the nail on the head when he wrote, "We are now thinking of security entirely in terms of material things; real security has to be on a basis of spiritual security."

There is absolutely no 100 percent guarantee of security in man-made or material things. In the words of the old hymn, "In the change and decay in all around us see; O Thou who changest not, abide with me."

Our security is not determined by what is on the outside but what is on the inside. God the Bible in your mind, the Lord Jesus Christ in your heart, and faith and confidence in your system; and insecurity and fear will leave you and inner peace and assurance will come."

Once read about a young soldier who in every battle or crisis

never seemed to exhibit fear. He wasn't well educated but was a rather rough kind of young man. Someone asked him, "Why do you never seem to worry about anything?"

"Oh," he replied, "I don't come from a worrying family. But that's not all." He then reached into his coat pocket and pulled out his Bible.

This is where I get my confidence. I never carried a Bible around before, but when I went into the Army my mother gave me this. I felt a little self-conscious at first, but Ma gave it to me and of course anything she gave me I had to take.

"So I put it into my pocket and said, 'Ma, you'd better give me one with a steel cover, maybe that would ward off a bullet from my heart.'"

"You know what she said to me? 'Son, there is steel in you, courage, faith, and confidence in the pages of the Bible. That is the secret of living with security in an insecure world.'"

Newbia Baptist Church To Have Revival Services

Newbia Baptist Church will have revival Aug. 6 - 9, with evangelist John Anderson as guest speaker.

Services will be held Sunday at 11 a.m. and 6 p.m., and Monday - Wednesday at 7 p.m.

There will be special music each evening, and a nursery will be provided.

Rev. Doug Barnes is the pastor of the church. Everyone is invited.

ANSWERS! TO YOUR BIBLE QUESTIONS

What does it mean to be "born again"?

The term "born again Christian" became very popular during the Jimmy Carter presidency. Some used this term to differentiate between "ordinary Christians" and those who had gone through some sort of religious experience. This is a "new birth." The concept of being born again comes from John 3:3, "For as much as thou art born of flesh and blood, thou canst not enter the kingdom of God."

When Jesus spoke of being "born again," he was not speaking of some special religious experience that would set one Christian apart from others. He was simply talking about becoming a Christian. One cannot become a Christian without being born again, nor can one be born again without becoming a Christian. Nicodemus was confused when Jesus first spoke of being born again. He asked Jesus, "How can a man be born when he is old? Can he enter the second time into his mother's womb, and be born?" (John 3:4). Nicodemus was thinking in terms of another physical birth, but Jesus spoke of a spiritual birth.

Jesus answered, "Verily, verily, I say unto thee, except a man be born of the water and the Spirit, he cannot enter into the kingdom of God. That which is born of the flesh is flesh; and that which is born of the Spirit is spirit." (John 3:5-6). Jesus said the new birth was "of the water and of the Spirit." This is a "new birth," which changes our spiritual relationship to God. Just as a physical birth changes our physical relationship to the world, God just as a physical birth changes our spiritual relationship to God. The new birth requires a baptism by water, which is accomplished by the Holy Spirit. Peter speaks of "being born again, not of corruptible seed, but of incorruptible, by the word of God, which liveth and abideth forever" (1 Peter 1:23). It is possible to be physically begotten without being born of the Spirit. Following spiritual baptism, through hearing the word of God, one is born of the water and the Spirit. The new birth is a spiritual birth, comparing New Testament stresses the importance of water baptism also now save us from all unrighteousness. Views From THE PRESSBOX

By, Ricky Mularz, Editor

The Mularz bunch had planned to spend the weekend at the beach; however, the baby was teething, Melissa didn't really want to take another long car ride, Mom didn't feel good and Dad still hadn't recovered from the trip to Atlanta the week before. So...as a substitute for the beach trip, Melissa went to the City Pool, the baby cried, and Mom and Dad put up some mini-blinds that we had bought weeks ago. Melissa may have enjoyed the day at the pool, but putting up the blinds was no fun at all. It seemed like we had every type screwdriver except the type we needed and my wife knocked a couple of holes in her head hitting the cornice boards above the windows. Oh well, we finally got the blinds up and I think we all are now looking forward to a week of recovery!

FOOTBALL PRACTICE UNDERWAY ACROSS THE STATE

High school football teams across the state began preseason drills Wednesday morning and despite the heat, you can bet the coaches and players will be putting in a lot of long hours getting ready for the opening night of the season on August 25.

At Elba High, Coach Mack Wood's Tigers are expecting another banner year and a large group of players will wear the black and gold. The Tigers lost only six starters of last year's 8-2 team and have some outstanding players coming back, so, it looks like it may be another fun year to be a Tiger fan.

Over at New Brockton, Coach Leavy Boutwell's Gamecocks had a big spring after an outstanding 12-2 season and hopes are running high for another year at a state title. Coach Boutwell is already making about opening the season with four of five games on the road, but you can bet the Gamecocks will be ready and raring to go.

Up at Zion Chapel, new coach Larry Stephenson's Rebels will be looking to get back on the winning track and to have a year of learning for the Bulldogs. Kinston has enough good players to win its share of games each and every year and I know the folks in Bulldog country are beginning to get that football feeling.

Down at Kinston, Coach Trent Taylor will be hoping that his second year will be a continuation of the first, which was a year of learning for the Bulldogs. Kinston has enough good players to win its share of games each and every year and I know the folks in Bulldog country are beginning to get that football feeling.

Brantley's new coach Ted Watson turned a lot of heads last year by leading the Bulldogs into the playoffs and folks up in Crenshaw County have that same feeling they used to have when the Bulldogs and winning went hand-in-hand. Brantley lost some good players, but should have more than enough coming back to once again be big winners.

I know that the thought of sitting in the bleachers on a 95-degree night watching a football game isn't tops on a lot of people's list, but that time is almost here and you had better get ready...the season opener is only four Fridays away!

ELBA SOFTBALL TEAMS BRING HOME TROPHIES

Two softball teams from Elba traveled down to Mobile over the weekend to compete in the Class D sub-state tournament and both came home with trophies as the teams tied for fifth in the 58-team event.

The Red Brahma, known for years as the City Merchants, won two games Friday night and then got hot late Saturday night to make into Sunday's final round. The team has been coached by Mike McKee for a number of years and stays basically the same from year to year and it is good to see the team do so well in statewide competition.

Flack-Haney Timber, formerly known as the Elba Merchants, was a little disappointed after unbeaten, but bounced back strong in Mobile and was one of the last four districts in the event. The Timbermen have as much hitting as any team in Class D and when they get hot...watch out.

Both teams earned the right to advance to the State Tournament with the fine showing at sub-state and you can bet that both will go to Montgomery confident that a state championship can be won. Good luck!

LATE SEASON SOFTBALL PROVES INTERESTING

The Church Softball League began its season last week and while the play wasn't Hall of Fame caliber, the action was fast-paced and everyone involved gave it all they had. The Church League waited until the men's season ended so the teams could have enough players and the sprinkling of the men's league players has obviously upped the level of play. While the teams go all out and the desire to win is high, the spirit of sportsmanship is easy to see and that's what makes the league so much fun. This is softball like it used to be...fun!

A late-season Women's League is scheduled to begin this week with four teams competing and we all have high hopes that this will create enough interest among the women to enable the city to sponsor a women's league next summer. Elba used to have a 12-16 team women's league and everybody had fun, but over the years the interest died and for the past five years there has been nothing for the women in town to do as far as recreation was concerned. Maybe this will provide the spark needed!

It may be a little late; however, a softball league for kids ages 9-12 is also in the works and if the league is successful, maybe next summer the league can start in July and give the kids that play baseball something to do for the rest of the summer. Youth league end in late-June due to All-Star tournaments and for years many have complained about the kids having nothing to do in July and August. Maybe this will be the answer.

SPORTS

High scoring games highlight church softball action

The Church Softball League opened its season last week with plenty of action in each and every game!

Westside A and Pine Level stand atop the standings after one week with identical 1-0 records, followed by United Methodist 1-1.

1st Baptist 1-1 and Westside B 0-2. Following are highlights of last week's action:

METHODIST 9 WESTSIDE B 7
Elba United Methodist scored late to turn back Westside Baptist B

For the Methodists, while Mark Vaughan, Howard Moore and Phil Bogan all added 2. Ronald Thigpen and Joel Kirkland got 4 hits each for Westside, while Robert Kirkland added 3 and Tommy Young, Shawn Diehl, Greg Thigpen and Vincent Thigpen all added 2.

WESTSIDE A 26 1ST BAPTIST 13
Westside Baptist A ripped out 35 hits to bury Elba First Baptist 26-13.

First Baptist jumped ahead 4-0 in the first inning and still led 4-1 after two innings; however, Westside woke up in the third and ran away with the win.

Danny Baxley and Todd McCall got 5 hits apiece for Westside, while Jerry Kelley added 4 and Trey Fuller, Scott Kelley, Matt Henderson, Kevin Kelley, Wynn Grimes, Rob Hudson and Bedsale all added 3. Kenneth Strong got 4 hits for First Baptist, while Jeff Benbow and Robert Kirkland both added 3 and Doug Dorch, Mickey Murdock, Mike Carnley, James Simmons and Vince Drummond all added 2.

FIRST BAPTIST 18 METHODIST 14
First Baptist rallied late to edge past Elba United Methodist 18-14.

The Methodists jumped ahead 5-1 early and still led 14-9 late, only to see the Baptists rally late to pull out the win.

Doug Dorch and Mike Carnley got 5 hits apiece for First Baptist, while Jeff Benbow added 4; Mickey Murdock, Roger and Kevin Simmons all added 3 and Kenneth Strong and Vince Drummond both added 2. Mark Vaughan and Rob Curran both got 4 hits for the Methodists, while Kris Scarborough, Kenneth Baker, Phil Bogan, Howard Moore and Eric Cox all added 3.

PINE LEVEL 12 WESTSIDE B 5
Pine Level cruised late to outscore Westside B 12-5.

Westside held a slim 1-0 lead after three innings, only to see Pine Level explode late to claim the win. Anthony Eiland got 4 hits to lead Pine Level, while Sandy Smith added 3 and Mickey Hudson, Michael Kelley, John Prescott and Brad Meredith all added 2. Shane Spurlin, Joel Kirkland, Robert Kirkland and Phil Bogan all got 3 hits for Westside, while Joe Johnson, Shawn Diehl, Kevin Bryan, Josh Manning and Todd McCall all added 2.

Waves and wakes can keep the tow boat from keeping a smooth speed and course.

5. Stay well clear of congested areas and obstructions. Water skiing requires lots of room. Crowded beaches, sand bars, docks and swim areas, near obstructions or bridge pilings are no places to ski safely.

6. Don't spray or "buzz" swimmers, boats or docks. One slip while doing this could kill you. Besides it's illegal.

7. Never ski after dark. It's illegal and should the skier fall he might not be missed for quite a while, leaving the fallen skier subject to being struck by another boat.

These tips are offered by the Alabama Marine Police so you will be around to enjoy water skiing for many years to come.

Others present of the Orlando area were Mrs. Bernice Shabazz and children and James.

Thursday night there was a meet-and-greet hour at the Council home, where friends and relatives were elated to see each other for the first time.

Friday afternoon a fish fry was enjoyed by all. Music and eating were in evidence everywhere.

Saturday - It was Disney World and Epcot Center. Saturday afternoon the main family reunion was held under a large tent and many chairs were placed so that everyone could sit and enjoy the food, looking at old photos and talking with friends.

Guests were Mrs. Edith Napper and others.

The food was superb, including barbecue of all kinds, corn, beans, salad, etc.

On Sunday the schedule called for attendance at church, and a turkey dinner. Some family members could not stay, but in all everyone enjoyed themselves.

The next reunion is scheduled for July 6, 1990, at Newark, N.J.

MacArthur Offers Program For Women Needing Jobs

A new program has been established at MacArthur State Technical College to help non-skilled women who, because of divorce, death of a spouse, or other life-changing circumstance, must now be the major or sole wage earner for their families.

The New Horizons Program offers a free two-week seminar to help persons assess their job skills and abilities and to participate in activities which infuse strategies for securing and holding a job.

The program is made possible through a Displaced Homemaker Grant recently awarded to the college through the Alabama Dept. of Postsecondary Education.

It will also serve current homemakers and part-time workers better wish to seek non-traditional employment; women in traditional jobs who wish to seek employment in non-traditional areas, and women

and others who desire to change careers or to enter employment for the first time.

Topics include acquiring a positive self-image, dealing with difficult people, stress and time management, resume preparation, interview techniques, and so forth.

The first workshop will be held Aug. 15 through 25, 8 a.m. - 2:45 p.m. each day, with pre-registration to be held Aug. 14. Transportation and child care will be available for participants.

At the completion of the workshop, participants are automatically eligible for scholarships to enroll in any of MacArthur Tech's 18 technical diploma or degree programs.

These include tuition, books and tools, and qualified applicants may apply for child care costs.

To register contact Peggy Linton at 493-3373, or visit the campus at 1708 N. Main St., Opp.

THE MULLINS HOME . . . This home was built by Captain Charles Stephen (Ped) Lee in 1890. Mr. Lee was born in 1824, served in the Confederate Army and died in 1904. His wife, Mary Jean, affectionately known as "Aunt Polly," was a native of Evergreen, Alabama. She was born in 1883 and died in 1936. Aunt Polly and Ped Lee had a family of five children: Charles, Walter, Mary Lee Hunt, Sue Lee Guntter and Julia Lee Sanders. After Captain Lee's death, Julia married Jake Sanders, an Elba attorney, and they bought the home from Aunt Polly, even though she lived with them. Julia and Jake Sanders had two daughters: Elizabeth Sanders Compton of Birmingham, and Frances Sanders Holloway Ruth of Montgomery and Mobile. Jake Sanders was born in 1874 and died at the age of 37 in 1911. Julia Lee Sanders survived Jake nearly 60 years. She was a house mother at the University of Alabama for many years. She was born in 1881 and died in 1969. In 1943 this home was purchased from Julia Lee Sanders by Louis P. Mullins and his wife Katherine Levere Mullins. L.P. Mullins was mayor of Elba for 34 years. Since his death, Mrs. Mullins, one of Elba's most loved residents, continues to live in the home. The Mullins' had four children: Bill married Sally Bentley and lives in Brundidge; Martha married Victor Taylor and lives in Ozark; Katherine married Joe Brooks and lives in Montgomery; Patsy Pacanins lives in Venezuela, South America.

The most common first name of U.S. presidents is James.

HRDC Seniors Put Up Okra

By Wanda Sasser
It was a typical summer day when the Senior Citizens of Cordelia Street met at the HRDC Building on Simmons St. on July 27. Quite a few of our members were out, busy with one thing or another. Several put up some donated okra in the freezer. Many are still busy with produce and others were busy with company. One of our seniors celebrated her birthday - Mrs. Zedie Bouyer who is 85 years young. We all wished her a great day with many more to come. Some of the members played dominoes and others talked and visited.

This was one of our sandwich days, but we had a great variety. Those attending were: Thelma Duggan, Sarah Smith, Texie Farris, Minnie Davis, Leon Brunson, Myrl Burkett, Aileen English, Bonnie Wesley, Frank and Lennie McCollough, Dixie Mae Maddox, Mattie Lou Goodson, Zedie Bouyer, Arthur Blackmon, Lex Blackmon, Frances Shaboo, M. Bolding, Wanda Sasser.

It was estimated that over 100 people worked in the store over the years and if James and Shorty get their wish, many more will get the chance to work at the store that has become a landmark for Elba and Coffee County.

The grant also helps fund a commercial redevelopment plan and provides for public participation and input into the entire plan development process.

"Community input into the plan development process is essential to having a united front in helping existing business, attracting new industry and raising the area's standard of living," Gov. Hunt said.

Including this grant, Gov. Hunt has awarded almost \$2.9 million through ADECA alone to Collier County since he took office in January of 1987.

***was informed of vandalism at the ballfield to lights and locks
***heard an officer of the Masonic Lodge praise the efforts to the fire department;
***and, heard a request that a house trailer be allowed to be placed at a lot on McKinnon Street

The council agreed to supplement the pay of the aide to bring it up to the scale of the director, based on the salary the director earned at the implementation of the job.

In other action at Monday night's meeting, the council:

- ***was informed that the fire department had paid off a \$3,500 loan used for repairs on the fire truck;
- The Bolt Weevil Chapter of American Ex-Prisoners of War will hold their monthly meeting at Gran's Restaurant in the Food Warehouse, P.O. Box 146, 146 Bypass in Enterprise today (Thursday, Aug. 10) at 6 p.m. in Pappy's Room.
- All former POW's are welcome to attend. Mr. Frank Skerlick, DAV Service Officer, will be the speaker.

conferences featuring the premier showing of a video, *Drugs and Youth: The Challenge*. The film, narrated by Michael Gross of the television series *Family Ties*, provides information on preventing and identifying drug abuse, and presents basic knowledge about the drug culture and the effects of abuse on young people.

The public is invited to attend.
